The EPFL, a Prestigious University

One of the best technical universities in Europe (14th worldwide at the QS World University Ranking 2021)

High quality education in all the engineering fields

More than 11’000 students

An international school with 116 different nationalities represented and more than 50% of foreign students

EPFL Campus - Lausanne, Switzerland
The Forum EPFL

In October 2021, the Forum EPFL will celebrate its 39th anniversary and remains one of the biggest job fairs in Europe, improving its services on a yearly basis. The Forum’s goal is to facilitate the students’ transition between studies and the labor market by offering companies a privileged window to present themselves to the students.

Quality and professionalism are fundamental pillars that drive the 20 committee members to provide services worthy of the Forum EPFL. Once again, the Forum EPFL will take place at the SwissTech Convention Center (STCC), an ultra-modern convention center located in the center of EPFL’s campus, giving a perfect setting for companies and students to meet. Every year, we thrive to improve our services, taking into account satisfaction surveys and comments from previous years.

Figures of the year 2019

196 registered companies
88 registered start-ups
500 interviews during the event
7 workshops organized

17’800 visitors during the week
78 company presentations
184 individual stands
84% company satisfaction

Bilan enquête de satisfaction 2019
Retrospective of the 2020 Edition

The year 2020 was marked by a pandemic that disrupted everyone's daily life. During the initial lockdown, bringing together hundreds of companies and thousands of visitors in one place seemed completely unimaginable. However, with creativity and perseverance, the Forum EPFL adapted to this unprecedented situation.

In 2020, with the implementation of necessary sanitary measures, the organization of the Forum EPFL was revisited to ensure the safety of all. This innovative format of the Forum EPFL was still a success.

Figures of the year 2020

2’100 registered students
58 registered start-ups
26 interview rooms

146 registered companies
51 company presentations
350 interviews during the event

Thanks to this edition, the Forum EPFL has now acquired the experience to make its 39th edition a success in all circumstances.
CERTIFICATIONS AND NORMS

ISO 14001, Environmental Management Systems - Certified in 2009 and recertified in 2018

Since 2009, the “Responsible Forum” project expresses our concern over environmental issues. The Forum EPFL is the first event of its kind to be carbon neutral and ISO 14001 certified.

ISO 9001, Quality Management Systems - Certified in 2013 and recertified in 2018

In 2013, the Forum EPFL became one of the first events of its kind to be ISO 9001 certified in Europe. Following an audit by the Swiss Association for Quality Systems (SQS), an internationally recognized body, the Forum has been granted this certification, which acknowledges the quality of the organisation of the event. Its process of quality management can meet the growing demands of companies by optimizing the transmission of know-how from year to year. Therefore, the ISO 9001 guarantees the professionalism of the Forum EPFL.
The ENAC faculty (Architecture, Civil and Environmental Engineering) brings together three transformative disciplines:

- architecture,
- civil engineering,
- environmental science and engineering.

By bringing these three disciplines together, the ENAC faculty prepares our society for one of the most important challenges of this century: to guarantee a sustainable living environment for humanity through a successful integration of human activities within the biosphere.

The ENAC faculty offers a unique cocktail whose interdisciplinary potential provides all the power required to achieve excellence in the training of tomorrow’s engineers and to enable our scientists to be at the forefront of their research.
• **The Master’s program in Architecture** perpetuates the tradition of polytechnic training for design and technical architects with a solid theoretical background. The project at the architectural, urban and territorial scale, as a central discipline, feeds on contributions from theory and history, sociology and economy, construction, study of structures, applied physics in building, visual arts and various forms of illustration and modelling.

• **The Master’s program in Civil engineering** gives the students the required knowledge to face a big challenge: create the necessary infrastructures for economic prosperity, hence guaranteeing the whole population an adequate standard of living. High priority is given to a transdisciplinary teaching in the ENAC School by bringing together civil engineers, architects and environmental engineers, through the program Design & Build together.

• **The Master’s program in Environmental sciences and engineering** prepares students for the multidisciplinary nature of environmental engineering problems and educates future engineers to deal with the complexities and uncertainties of natural and engineered systems. This Master’s program focuses on environmental engineering in natural systems where solutions must be developed under conditions of incomplete information, spatial heterogeneity, and uncertainty.
THE ENACORNER OFFER - REGISTRATION

The ENACorner offer is tailored to SMEs in the fields of construction, environment and architecture.

The aforementioned includes:
- **Free access to the ENAC CV-library**, a database including CVs of all ENAC faculty’s students enrolled in the Forum EPFL;
- **A 6 m² equipped stand, on Friday October 8th 2021**, in a specific area dedicated to ENACorner, including:
  - Assembly of the stand made of white composite panels (2.5m x 0.98m);
  - 1 table and 2 chairs per 6m² of stand;
  - 1 recycle bin;
  - 1 sign on your stand with the name of your company.
- Your 2-pages presentation in the Companies Book (LdE) that lists all companies participating in the Forum EPFL 2021.

**PRICE OF THE ENROLMENT**:  
| ENACorner offer | CHF 1’500.– |

It is also possible to book presentations and workshops or to organise interviews and lunches. All the additional services we offer are detailed in our **Salesbook**.

Extract from the General Conditions - Refund Policy:
*If the Forum EPFL cancels the event due to Pandemic Covid-19, your company will be charged only 50% of the ENACorner offer’s amount (CHF 750.-).*
*If the Forum EPFL is maintained, and your company decides to withdraw its registration, you will be charged the following amounts:*
  - from July 1st : 50% of the ENACorner offer's amount (CHF 750.-),
  - from August 1st : 50% of the ENACorner offer's amount (CHF 750.-), plus 50% of the amount due for other reserved services,
  - from September 1st : the ENACorner offer's amount (CHF 1’500.-), plus the amount due for other reserved services.

*Hors TVA - Taux de 7,7%
In collaboration with Swiss Climate, we do our best to make our Forum a carbon neutral event. This year, we choose to support climate protection, with a main focus on CO$_2$ storage and sustainable management of Swiss forests.

**Preservation of Swiss forests biodiversity, generation of fuel wood for renewable energy production and improvement of the social and economic situation of all forestry employees.**

By supporting this project with the “0-emission” option, you contribute to growing the wood reservoir, leading to an increased CO$_2$ storage, to a sustainable exploitation of the Swiss forests and to stimulating fuel wood production.

[www.swissclimate.ch](http://www.swissclimate.ch)
Support our “Responsible Forum” project for a zero carbon emission event.

During your registration, you will have the opportunity to subscribe to the 0-emission option. It will get you involved in our project of reducing our ecological impact.

In 2019, 153 companies subscribed to the 0-emission option contributing to the greenhouse gas emission compensation of the fair.

By your donation, you contribute to helping this cause. In appreciation, a flower and a 0-emission logo will be delivered at your stand.

Contribution*:

| 0-emission option | CHF 30.- |

*Hors TVA - Taux de 7,7%
To Join Us

Since 2020 and the 38th edition of the Forum EPFL, the registration, the access to the CV-library and the booking of services are done from a new platform. If you have not yet created an account on this platform, please «create an account» before registering for the Forum EPFL 2021. For more details and information about the registration process, you can consult this tutorial.

Create an Account

1. Go to our website:
   https://platform.forumepfl.ch/

2. Click on «Register» and specify «I am a Company».

3. Fill in the blank fields and send request. Our team will process your request as soon as possible.

4. Click on the «verification link» received by email.

5. Set up your account to access the EPFL Forum platform.

6. Read and agree to the terms and conditions.

Register to Forum EPFL 2021

1. Go to our website:
   https://platform.forumepfl.ch/

2. Login with your email address and password.

3. Read and agree to the terms and conditions.

4. Subscribe (or not) to the 0-emission option.

You are enrolled in the Forum EPFL 2021!
You can now order the services of your choice!
